## SOCIETY

That the choice of a career as a public singer is not a sign of impending calamity to the girl who makes it is proven by the words of Miss Flora Wilson, who is to sing at the Grand tonight. "I cannot imagine any woman living a more sane, temperate, and abstemious life than mine," she said. "Why, the ditch digger and the street sweeper doubtless have more delicacies on their tables than I have. A breakfast of tea and rolls, a good steak at noon, and a sandwich after the concert, comprise my bill of fare for ordinary days. No wines—no pastry and no confections. Plenty of sleep and lots of out-door exercise are part of my day's program." And her exuberance of spirits, her wholesome color and well-

ber there was no sign of enthusiasm. Then I collected all my powers for the last trial and put in that song the best of my training and the strongest of my emotions. No one can know the value I placed on the deafening applause that followed. It was my triumph."

Miss Wilson says that one of the greatest advantages in studying abroad is the chance to cultivate the correct accent in other languages as it cannot be given in this country. She sings with equal ease in French, Italian, and German. Notwithstanding her years in Europe and her long residence "down east," Miss Wilson speaks plain United States the way we talk it in Kansas. She is a woman of broad general intelligence and womanly charm. Drawing and painting are among her many accomplishments, and while her crowning gift is her wonderful voice, she would still be great without it.

The second annual "Ladies' Night" entertainment of the Topeka Ad club will be given Friday evening, November 5th, in the Commercial club rooms.

noon at 4 o'clock with special music. Miss Helen Hogeboom will sing "With Verdure Clad" from the "Creation," and Professor Whitehouse will be at the piano.

The Art club held a meeting Monday afternoon at the home of Mrs. A. Albrecht, 414 West Tenth street. The following papers were read: "Framed Snyder," Miss Garretson; "Peter Paul Rubens," Mrs. Palmer; "Anton van Dyke," Mrs. Howard. The next meeting of the club will be held with Mrs. Chester Woodward, 824 Buchanan street.

Mr. Steven F. Wearing of Wichita, Kansas, and Miss Margaret Caroline Johnson were married at 10 o'clock Wednesday morning at the Methodist parsonage by Rev. Dr. Lynch. They left immediately after the ceremony for their home in Wichita.

Are the nurses of Christ's hospital preparing themselves for a concert tour, or are they only sending a few foreign grasshoppers, while they take their evening walk? The quartet that strolled along West street last night were good to look at and pleasant to hear, according to a young man that had that privilege. He thinks that "soft stillness and the night become the touches of sweet harmony," most especially when the makers are pretty. But maybe he's sentimental.

"Out of the mouth of babes" we have an explanation of why horses object to automobiles. "It's this way," said a five-year-old girl to one of her playmates, "horses is used to seein' other horses hitched to rigs, and don't know what to think when they see a buggy goin' 'long without a horse." "O' course," came the prompt reply. "It's just like we'd see a pants walking down the street without any man in 'em, and that 'ud scare us."

The small boy is sometimes the business end of the house. A Topeka mother tells the story of her three-year-old son, who, notwithstanding his regular and thorough Sunday school training, one day lost his temper and flung a stone through a window. While the sand man was on his way to visit the juvenile offender that night his mother suggested that he beseech his Father in heaven to forgive his sin. "No," he said, "I'll ask my heavenly Papa to give me three dollars to pay for that glass."

A variety in texture and shade of correspondence paper is coming into fashion. Among the novelties are small sheets of crossbar weaves engraved with the first name of the writer. This, of course, is intended only for correspondence with intimate friends. A kid finish in oak grained effects is considered smart. Paper with a resembling a hemstitched handkerchief may be had in white, gray, blue and buff. A paper known as satin bond finish and linen fabric is good both in commercial and letter size. Gray linen tissue envelopes, accompanied by featherweight sheets is the thing for foreign correspondence. Note paper with perforated gummed edges, when properly folded, provides the envelope and is both convenient and up-to-date.

Miss Ruby Painter and Miss Martha Irwin gave a miscellaneous shower in honor of Mrs. F. C. Prather, formerly Miss Elma Shields, at the home of Mrs. J. H. Prather, Wednesday evening. Many beautiful presents were received. Those present were: Mrs. Donie Short, Mrs. Clifford Tromp, Miss Mary Walters, Miss Pearl Tickner, Miss Opal Orant, Miss Lena Sherwood, Miss Ina Galloway, Miss Bertha Galloway, Miss Arminta Pugh, Miss Nina Pugh, Miss Martha Irwin and the Misses Princess, Faustena and Ruby Painter.

Mr. and Mrs. H. H. Embry and Mr. and Mrs. Randolph Jones of Kansas City, made an automobile trip to Topeka Wednesday afternoon and are guests of Mr. and Mrs. Harry Seery.

THE EVENING CHIT-CHAT  
BY RUTH CAMERON

Such a beaming little woman—I really stopped for a moment and said, "Is that Mrs. R—or not?" so much had the happiness that fairly radiated from her transformed her usually sober little face.

As soon as I could for the crowd, I worked my way down the car to her, anxious to ask my little neighbor what she had had good news of some kind.

But I didn't need to ask her. She was so full of it that she told me as soon as we had exchanged good evenings.

And what do you think this transforming event was?

"I'm on my way in town to go to the theater with my son," she said proudly. "We're going down to L—s to dinner and then we're going to see Maud Adams." No girl on her way to meet her first lover ever announced the fact with more conscious pride.

I've seen children in the prospect of their first circus and young girls dressing for their first dance—the shine of a far greater happiness—the happiness of a heart that has learned how much better happiness there is in the world—was in those middle aged eyes.

I don't know what startled that son into a realization of his opportunities. I wish I did so that I could pass it along to all the other sons that read this.

I don't believe most sons realize their power of giving happiness by little things like that.

They fancy that if they contribute liberally to household expenses and treat their fathers and mothers with respect they are good children.

But they are not. They are simply not bad. If you had the elixir of youth in your possession you would forget or neglect to give it to those who needed it, would you?

And you have. To many fathers and mothers, being invited to share in their sons' better.

Big Wichita Bond Issue.

Superintendent E. V. Messer of the Wichita board of education is in the city today to have a \$180,000 bond issue registered in the state auditor's office.

The peculiarity of this issue is that the bonds are for denominations of only \$100 each, making 1,800 bonds in all that will have to be registered. This is the largest number of bonds in any single issue in the history of the state, although there have been much larger bond issues than this one.

## The Outlook

Demonstration Sale of

Fine Ladies' Ready-for-Service Apparel

A big event arranged especially for teachers' week: That all Topeka and Kansas may learn of the wonderful values this store offers. The values quoted below are illustrative of our buying power. We know garments thoroughly—we know the latest styles and modes—we know how a garment should be built. This and our intimate relations with the best Eastern manufacturers, gives us a buying advantage far superior to any competition.

We can show you the prices here—low enough, surely—but the garments, you'll have to see them to realize what this sale means to you in saving. You'll have to see the rich cloths of serge, cheviot, hard finish worsteds, wide wale diagonals, imported broadcloth, etc., you'll have to see the fancy linings of guaranteed satin and of silk—the artistic trimmings of braid, cut jet and buttons, etc.

To appreciate these garments you'll have to come to the store and try them on—then you'll know that the garments are much higher class than the prices.

## There Are Many Signs of Eyestrain

Blurred vision is not the only sign of defective eyesight. Headache, pain in the eyes, a dreadful nervousness, loss of sleep, are some of the disagreeable consequences of eyestrain.

However, there is an almost unfailing remedy for such a condition—a pair of well-fitted glasses will in nearly every instance give complete relief.

Come in and let our expert optometrist examine your eyes.

### HOMELESS AND PENNILESS.

Charles Button, Football of Fate, Arrives in Topeka.

Shifted from one point to another without a home and in the last stages of tuberculosis, Charles Button, aged 23, whose home is in Terre Haute, Ind., arrived here last night from Kansas City whence he came after the authorities there had purchased him a ticket for Topeka.

Button has a brother, John Button, who is a blacksmith in Denver, and was attempting to reach the western climate where he hoped to gain relief. During all the long trip from Terre Haute to Topeka, Button has been without funds, and has been shifted from one place to another by the authorities who were unwilling to care for him in his sickened and destitute condition.

When he arrived here the young man was directed to the Provident association, where a pallet was arranged for him in the open air. So far had his disease progressed that to have allowed him to sleep in the regular room for transients would only have tended to spread the contagion so that it was considered unsafe, and a bed was arranged for him in the outdoor atmosphere.

An effort will be made to care for the young man here, or at least to make some arrangements for him. Charitable institutions in the county authorities in many places who shift transients on to get rid of them, do not take such action, and unless some arrangement can be made to care for Button here, he will be sent back to Kansas City whence he came. Why send him back to Kansas City? That could hardly be considered humane.

The ladies of Lowman chapel will serve dinner and supper at Lincoln Post hall, Friday, Nov. 5. Dinner, 25c. Everybody invited.

developed figure substantiate her statement.

"We stage people are hungry for appreciation," she continued, "and vain of the applause of our audience. I was told once that I must not be disappointed at the coldness of my hearers in a certain town; so I went to my work that evening with the determination to win from those people what they had denied to others of my profession, but up to the very last number

### The Quickest and Simplest Cough Cure.

Better than all the cough medicines you could buy, and far less expensive, is a simple remedy that you can make at home in five minutes. A whole pint of it—enough to last a family a long time—costs only 54 cents. It is pleasant to take—children like it.

It will usually conquer a deep-seated cough in twenty-four hours. Two or three doses overcome an ordinary cough. It is also splendid for colds, bronchitis, incipient lung trouble, whooping cough, etc.

Granulated Sugar Syrup ..... 13 1/2 oz. Pinex ..... 2 1/2 oz. Take a pint of Granulated Sugar, add 1/2 pint of warm water and stir about 2 minutes. Put the 2 1/2 ounces Pinex in a pint bottle and fill up with the syrup. Take a teaspoonful every one, two or three hours.

Granulated Sugar Syrup is a simple but excellent sedative. Pinex is the most valuable concentrated compound of Norway White Pine Extract, and is rich in all the medicinal elements of the pine. None of the weaker pine preparations compare with the real Pinex itself. All druggists have it or will get it if requested.

Strained honey can be used instead of the syrup, and makes a very fine honey and pine tar cough syrup.

There will be vesper service at Washburn chapel next Sunday after-
